

HANNAGE BROOK MEDICAL CENTRE

Useful Information for Patients

Hannage Brook Medical Centre is open.

Please DO contact the surgery for help with any health related problems that you would normally contact the practice about.

We have adapted and will continue to adapt our service to follow the most up to date Coronavirus guidance; this is to keep our patients and staff safe.

We need to hear from you if you have any concerns about a medical problem.

How to get in touch

- Phone 01629 822434
- Website www.hannagebrook.co.uk Select 'Reception and Enquiries' and make your selection

What happens next?

Initial contact from a clinician will be by phone:

We can often make a diagnosis or provide you with the help you need over the phone.

If we think that a video consultation would help, then we will switch to a video consultation. For us to do this, you will need a phone with internet access. Please don't worry about this – we will talk you through what to do.

Finally, if we do need to see you at Hannage Brook, we will do this safely and let you know when to visit and what will happen when you come down to us.

Up to date information on our services is available via our website www.hannagebrook.co.uk and selecting the Facebook icon from the top left menu.
